### III. DISCLOSURES

- A. Additional types of costs that a user may be required to pay to implement or use the Complete EHR or Health IT Module's capabilities, whether to meet meaningful use objectives and measures or to achieve any other use within the scope of the health IT's certification:

There are Implementation Fees, License fees for additional Data Source Adapters, and Yearly Maintenance Charges. Additionally, the client is responsible for purchasing and maintaining necessary infrastructure.

- B. Any limitations (whether by contract or otherwise) that a user may encounter in the course of implementing and using the Complete EHR or Health IT Module's capabilities, whether to meet meaningful use objectives and measures or to achieve any other use within the scope of the health IT's certification:

None; however the Client is responsible for maintaining infrastructure.
